Romanian Journal of Applied Psychology
(Former Revista de Psihologie Aplicată)

Year (Volume) 23, no.2, 2021
The Romanian Journal of Applied Psychology (RJAP) is an Open Access peer-reviewed publication dedicated to the dissemination of research results and theory in all fields of psychology. Through its Open Access policy, the RJAP is committed to disseminate the published papers as widely as possible, so that the article is made freely available online on publication and the author may post a copy of the final typeset PDF on their personal website or institutional repository. There are no processing or acceptance fees that are requested for publishing in RJAP. The journal is devoted to the advancement of applied psychology. It publishes empirical, theoretical, methodological, and practice-oriented articles covering topics relevant to various fields of applied psychology. Whereas consideration is given to empirical articles using quantitative methodology, the journal will publish the full range of articles including but not limited to empirical qualitative studies, short research reports, meta-analyses, methodological papers or literature reviews.
All submissions should be written in English, according to the American Psychological Association (APA) last edition standards. All charts and figures should be attached separately in a .ttf or in a .gif format. All manuscripts should have an abstract of maximum 150 words, as well as 5 to 7 keywords. There are no limitations regarding the length of a manuscript, however the authors are encouraged to submit manuscripts with less than 10,000 words.
